Strengthening Efficiency and Effectiveness of Organizations through Enhanced Leadership

Effective leaders understand their people and know how to get them point and act in the same direction. Leaders provide the energy and commitment to make sure this happens with perfect execution. Leadership is about listening and genuine connection with others. It is a process.

This is 4 E's (Envision, Enable, Empower & Energize) of Leadership process. It is the focus of the DOOR Team Leadership workshop. This workshop powerfully transforms leaders to outstanding team leaders in two folds. First, it combines Leadership and Strategy by including both operational (task) and organizational (people) aspect. Second, it is customized meet the exact needs of a specific organization, and thus can be used either by individuals or teams.
